“Nurturing Enthusiasm, Inspiring Excellence”

Hello to all students, parents, families, and community members and welcome back for the 2018-2019 school year at North East Intermediate Elementary. I am privileged to be with you all again this year as Principal. I am eager and excited to continue to lead the Intermediate school building. There are many changes occurring throughout the educational world as well as right here at NEIE and I am working hard to share and collaborate with the faculty and staff on these changes in order to best meet the needs of all of our children that we educate every day. I remain committed to providing the very best education for your children in their pursuit of learning. I encourage you to review our slogan for this school year, which can be seen above. It is in these standards that we will give ourselves the opportunity of reaching our annual goals.

As curriculum standards and formal state assessments continue to be adjusted, it is critical that we as educators stay well-informed in regards to these changes along with best-instructional practices. Through the vision and leadership of the administrative team, we will continue to push forward in our pursuit of being a Championship School! I ask for the continued support of all the parents as we work together to educate our young children and advance them through our curricular programs in preparation for their move to the North East Middle School at the conclusion of 5th grade.

As always, my office door is open and I can also be reached by phone if you have any questions or concerns about your child's education and progression through the Intermediate School. Please don't hesitate to contact me if such a need arises. I look forward to working with all the children this year and serving as their Principal in our efforts to assist them in having a successful school year! Thank you again to all the parents for your support and for sharing your children with us each and every day as we educate those who will lead our future!

Yours in Education,

Mr. Brian Emick
